DETAILED ACTION

Supplemental Action

1. This action in response to the communication filed on 4/3/07.
2. Claims 1-28 are pending in this action.

Allowable Subject Matter

Claims 1-28 are allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 1-28: the claims are directed to the general area of access arbitration in a multiple access communication system. The prior art of record does not teach or fairly suggest the use of two or more tones for transmitting (by a remote unit) and receiving (by a base station) an access request signal that includes a priority request, as recited particularly in claims 1, 3, 15 and 23-25.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
